

I tune into AIR 1 daily. It lifts me up so that I may be filled for the day. If AIR 1 were to be replaced the community wouldn't have any alternatives. We need AIR 1 for spiritual growth. AIR 1 gives listeners a chance to praise & worship in the cars for free. To have AIR 1 blasting from the sunroof instead of non-christian music is so inspiring for the cars around you. Please consider leaving AIR 1 on the airways forever. We need them. Thank You.
